food. Theme is all about non-fiction writing. Time - 4:30-6:30 Mr. Judd would like to do more for parents.

Laura- we have sold 103 of the punch memberships. Sorhakoff class has won with the most memberships. Great job for selling out. Movie night next Monday, November 10th if it doesn't rain. December 11th is the Barnes and Noble fundraiser. January might possibly be the new blast pizza or CPK.

Mr. Judd- Start movie night around 5:30. Only allow the propane heater if you have one. Can back up cars and also lawn chairs.

Next PTC meeting on December 1- the staff will provide dinner for the PTC to say thank you for all we do. It will be a Christmas thank you.

Not sure what we will do with the closure of the street tomorrow for deputy Davis funeral procession. Fourth grade and up might possibly allowed to attend around 12:00-1:00.

Amy has taken the TOSA and is leaving and going to the district. We are sad to lose her. Great job to the Chambers Family, Leanne , Mr. Pisenti and Mr. Evans- best float we have had. Did an exceptional job!

Kathy -PBIS (positive behavior and intervention support)- program that Mr. Judd is bringing to the school. Identify appropriate school behavior in all areas of the school. Will have banners in each area doing what is expected. All positive. Research validated program. Most of the focus in the past has been on discipline and reactive. This program will establish a program in which positive behavior is reinforced. Kathy is a parent spokesman and will help the families bring this program into their homes. Helps build relationships with staff and students. Promote community involvement. Creating a parent team for the different cultures. Will need the PTC help with leadership and money involvement. Ideas- Parent passport that lists. Developing a community events calendar.

Mr. Judd- there is a mental health component that provide resources for families that they may not know about. Parenting classes, community resources. We will have a bank of numbers to provide help. We want the students to be more consistent in having a positive day. Kick off for the program will be in January. The lunch room was too many children all together at once. It has been much better having the smaller groups. Has not had any children in his office all of last week. Next place is the classroom. Trying to be more proactive on the response.

Movie Night: does not need help setting up. Does need help with lay out set up.

Concessions: Need people to work the table, Yes to popcorn, candy bars, drinks. If you would like to help be there at 5:00. Start , intermission, finish. Will sell at the start and during intermission.

8th Grade graduation dance committee- set up, be in charge during the dance, and clean-up.

We don't know if there is even a theme. Try to tone it down. Rick will get more information tomorrow. Date - Wednesday November 12th possibly. We need to invite other schools to help. Graduation is on June 4th.

Jenn- there was a black car that moved our cones and came into the lot, very creepy, should not be allowed at the school. Next year use ropes and cinderblocks to possibly block off. Need to have an emergency plan in place.

Meeting end: 6:04
